

To: NCDP Chairwomen Patsy Keever, **May**
18, 2015 **NCDP Executive Council**
Council of Review Chairman, John C. Brooks
NCDP Headquarters, 220 Hillsborough Street Raleigh, NC 27603

We the undersigned 8th District Delegates to the District Convention of 2015 & Active Democrat attendees, issue a complaint to the following:

That So far as Dylan Nash Frick was and admitted to Committing voter fraud against the NCDP by; changing his registration in 2014 and voting in the 6th district while still being the 8th district 3rd Vice Chair; that at the February 7th 2015 SEC meeting. he procured and voted with a proxy from an SEC member in the 6th district, and gave a Stanley County 8th district proxy to a friend with his name on it thus voting twice as Dylan Frick; that he abdicated his position as 3rd Vice Chair of the 8th District in 2014 by registering and voting in Guilford County according to records from the State Board of Elections, and according to the NCDP State Plan of Organization which sets forth in Section 3.04 a requirement that District Officers be persons “residing within” the Congressional District for which they are elected. The term “residence” being defined in Section 11.10 “Residence shall be defined as voting residence in accordance with North Carolina law.”

In addition to the above treacherous acts Mr. Frick was arrested on April 12, 2015 with the charge of “assault on a female” where according to police documents, he allegedly admitted he choked the female. This last act, being a serious violation of North Carolina criminal laws under which our Party is guided, and to which we secede authority. Further, according to Department of Corrections documents, Mr. Frick was convicted of a crime in the State of North Carolina May 21st, 2013.

After substantiating the legal facts, we the undersigned believe Mr. Frick to be a divisive and unethical liability to our District, our State and our National Party, especially, posing an endangerment to women who serve the Democratic Party and must work closely with him. As a result, Mr. Frick will place a heavy burden of negative media attention to our Party and we will experience irreparable harm.

That any one of these violations is credible evidence of Mr. Fricks Lack of leadership acumen and lack of integrity. We ask that his recent

election as Chairman of the 8th Congressional District be rescinded. That he hold no office on any level, in the 8th or any other district in North Carolina

Respectfully Submitted,
The Undersigned
